Case 19-cv-2938 is under advisement, and there is no imminent deadline at this point. Therefore, under the modified COVID-19 conditions limiting inmate movement, you will not be able to use the electronic law library. Should you receive information from the Court indicating a filing deadline, you may again request access.

Ms. Hiller:

My last request for access to the law library for preparation for possible litigation was denied by you.

I request a 2-hour block of time in the law library concerning case no. 19-cv-2938. I'll not explain to you the particular purpose as you are a defendant in that case.

Please let me know the time so that I may be prepared.

Thank you.
